Depending on the winds, we will visit one of the islands. We will visit picturesque Dutch fishing villages such as IJmuiden or Enkhuizen  
And, of course, Amsterdam!
- Day 7:** Farewell party at the homestay camp
- Day 8:** Departure for home

The Broedertrouw is a traditional wooden merchant sailing vessel, originally built in 1882. After a complete renovation, it has been transformed into a group hotel ship with modern amenities, offering a unique and unforgettable sailing experience.

The ship features fifteen twin cabins, each equipped with a washbasin and running water. Communal showers and toilets are available on board. As a group, you'll prepare breakfast, lunch, and dinner together in the well-equipped galley kitchen (kombuis) and enjoy your meals in the elegant dining room.

With its two masts, the Broedertrouw is a breathtaking sight under full sail. However, it is also equipped with an engine to ensure safe return to port when the wind is low.
